

The Church of St Mary of Charity, Faversham, Kent

We wish to appoint a **Director of Music/Organist and Choir Director** who will be able to further develop the music within worship in the church. We have an enthusiastic RSCM-affiliated SATB choir which undertakes regular cathedral visits and a lively music group which plays for our more contemporary services. The organ is a 3-manual with pedals instrument by Brown and Sons of Canterbury to the specification of the late Dr Sydney Campbell, organist at Canterbury Cathedral.

The key requirements of the post are sympathy with the Christian faith, experience in training choirs, an enthusiasm for and knowledge of varying styles of church music and the ability to play the organ to a high standard. There is currently a weekly Eucharist with Sung Matins and Choral Evensong monthly, plus other occasional services. The choir presently rehearses every Friday evening and before each service.

Remuneration will be based on RSCM guidelines. Please visit www.stmaryofcharity.org for further information about our church and application details. For informal enquiries about the post, please call The Reverend Simon Rowlands on 01795 532592, or email happyvicar@gmail.com

Closing date for applications: 13 December 2019
